

Khartoum American School ---

A friendly, student-centered learning environment for the international community

October 25, 2009

To the Parents and Friends of KAS:

As the overwhelming majority of us at KAS are merely passing through Khartoum and will soon be called on to make our home somewhere else, someone extremely instrumental in creating this wonderful school of ours has set his sights on yet another challenge way beyond these borders.

Sad as it is to all of us at KAS, Phil Clinton has decided to take up the challenge of ploughing that dedication, professionalism and seemingly never-ending energy of his into a school environment very similar to ours.

At the end of this school year Phil will take up the position of Director of the Lincoln School in Kathmandu, Nepal. I have no doubt that every member of our school community wishes him the best of luck in his new endeavor. We envy the Lincoln School for being enriched with an individual of his standing and passion.

In anticipation of this development the services of a Search Consultant has already been acquired and the process of identifying suitable candidates for the position of Superintendent has begun. The KAS Board will convene shortly to finalize details for the search to the best interests of our school community.

Ryland Paulsen
President, KAS Board
